Class Description:

This course gives students valuable academic time to succeed in their classes. It will give students 30- 48 minutes to complete coursework, seek help, and get one-on-one aid if needed. In this course, students will also learn organization and study skills. This course can help improve academic standing at LHS. Use your time wisely.

Class Objectives:

- Students will use a planner or other organizational system.
- Students will participate in daily/weekly planner checks.
- Students will track their academic progress weekly in their classes.
- Students will participate in weekly grade checks.
- Students will share/journal what is going well in their academics and grades.

General Information:

All students must complete required daily work and assignments to succeed in this class.
